

Advanced Conditioning System*

ALLMAX® Pro-Competition Series introduces **HYDRADRY**, the most advanced competition-specific water loss support ever. **HYDRADRY** is tailored specifically to the needs of the on-stage competitor who needs the sharpest, razor-like hardness that only **HYDRADRY** can deliver.*

HYDRADRY supports the body's natural excretion system in eliminating excess water from the body and/or beneath skin to reveal the kind of detail that wins shows. Puffy, bloated skin caused by excess water hides muscle definition; this is made even worse by the harsh lights used in stage competition.*

Designed to be used for only 14-Days, the **HYDRADRY** Pre-Contest Water Loss System provides the ideal timeframe to ensure razor-sharp definition. Since there are no harsh chemicals, **HYDRADRY** works with your body to gently but effectively reduce the appearance of occasional puffy skin caused by excess water.*

HYDRADRY features 1,200 mg per day of 2 different standardizations of *Taraxacum Officinale* (Dandelion leaf extract) which has been traditionally used to support the body's natural excretion system to eliminate water. Maintaining your electrolytic balance is essential; **HYDRADRY** features added amounts of potassium, calcium and magnesium to keep your electrolyte balance up. Vitamin B6 (Pyridoxine Hydrochloride) helps to maintain the body's ability to metabolize nutrients is present at high amounts.*

Green Tea (98% Extract), horsetail extract (high in natural silica content), Uva-ursi leaf, Hydrangea arborescens root, Buchu leaf, Parsley leaf extracts all have a long tradition to support the body's ability to excrete water.*

ALLMAX® Pro-Competition Series **HYDRADRY** has the most comprehensive matrix of ingredients to create the dry, hard, stage-perfect look you need to win.*

OTHER INGREDIENTS: Microcrystalline Cellulose, Croscarmellose Sodium, Stearic Acid (vegetable), Magnesium Stearate (vegetable), Silica and Film Coating (Polyvinyl Alcohol, Talc, Polyethylene Glycol, Polysorbate).

WARNINGS: Consult your health care practitioner prior to use if you are under medical supervision or if you have a serious pre-existing medical condition or taking prescription medication or if you have a liver disease or if you have an iron deficiency. Do not use if you are pregnant or breastfeeding. Have liver or gall bladder disorders, and/or bowel obstructions. Stop use if you develop symptoms of liver trouble such as abdominal pain, yellowing of the skin/eyes (jaundice), stomach pain, dark urine, sweating, nausea, unusual tiredness and/or loss of appetite and consult a health care practitioner. Rare, unprovoked cases of liver injury associated with green tea extract-containing products have been reported in Canada and internationally. Consult your health care practitioner if symptoms worsen or persist. Discontinue use if you develop symptoms of liver trouble. Contraindicated in kidney disorders, inhibited digestive conditions or with acidic urine. Side effects may include gastrointestinal intolerance. Avoid taking on an empty stomach. Store in a cool, dry place. Keep out of reach of children. Do not use if inner seal is broken.

CALIFORNIA WARNING: Lead is known to the State of California to cause birth defects or reproductive harm. Consuming this product can expose you to more than 0.00000005 g of lead. For more information go to www.P65Warnings.ca.gov.

ALLERGEN WARNING: Produced in a facility that also handles Milk, Soy, Wheat, Egg, Peanut, Sesame, Tree Nuts, Fish, Crustacean and Shellfish products.
